Fate Zero Season 1 Complete BD [720p] Streaming & Downloadable Anime, Drama, Hentai, Subtitle English The first season of Fate Zero (Fate/Zero), the prequel to the hugely popular Fate/stay night series has now arrived on Blu-ray! It chronicles the events that took place before Fate's story begins. Kidnapped by an unknown assailant, Emiya Shirou wakes up in a dark cathedral with no memories of who he is and discovers that he has been poked with six swords from his right hand. His eyes are filled with light and his power can rival even that of a Servant. Unbeknownst to him, this is the start of a war in another world, one which he's been dragged into and in which many will die. A year ago, Shirou made a promise... a promise that he would sacrifice his life to protect someone. That someone was Emiya Kiritsugu, his foster father and the man who saved Shirou from a fire that had claimed many lives. Unbeknownst to Shirou, this incident would indirectly lead to the events which unfolded over the course of the Fourth Holy Grail War. The fifth Holy Grail War has now begun and with it, a new force is now at work. One that has the power to draw the world into a whirlwind of chaos and carnage and shake all that is known. From its hilarious first episode to its poignant finale, this is probably one of the best anime series you will ever see.
